

CONTRACT PRODUCT PACKAGING AND MANUFACTURING SERVICES

SourceAmerica®

RELIABLE SOLUTIONS DELIVERED WORLDWIDE

For more than 40 years, SourceAmerica® has provided product packaging, manufacturing and related supply chain services for a wide range of customers and businesses—from manufacturers, retailers and industry distributors to federal, state and local governments. SourceAmerica's Contract Product Packaging and Manufacturing Services build on the years of experience our nonprofit agencies have with commercial and government packaging services.

Through our qualified network of co-packers, we have a tremendous capacity for production. We have sustained customer satisfaction and retention, while also meeting performance-based standards.

With many locations around the U.S., we are one of the largest providers of co-packaging in the country working under one management system. Our processes are designed to coordinate work in single or multiple locations.

Our service capabilities include:

- **Contract packaging** – Assembly, kitting, packing (primary/case/pallet), labeling, rework, inspection and seasonal promotions
- **Warehousing and storage** – Receiving, storage, tracking/segregation and seasonal overflow
- **Inventory management and fulfillment** – Sourcing/procuring, receiving, tracking (quantity/lot), order processing, picking/packing and shipping
- **Reverse logistics** – Receiving/sorting, repairing/refurbishing/testing and fulfillment
- **Manufacturing** – Material sourcing/procurement, design and development, sampling, small-run to large-scale production

Marketing lines of business include:

- Consumer goods
- Food/beverage
- Personal care and cosmetics
- Electronics
- Textiles and apparel
- Medical supplies
- Pharmaceutical supplies
- Office products
- Collateral materials (including posters, pamphlets and brochures)
