1. From SourceAmerica.org, click on NPA Extranet Login (top right corner). The Login screen will be presented.
2. Scroll down and click Login button. A login window will be presented.
   [In some cases, you may see the password screen presented – this would happen if you already have an account with Microsoft. If this occurs, you need to select the back arrow at the top of the pop-up. This displays a list of Microsoft IDs. Assuming your SourceAmerica ID is not in the list, click on “Use another account” and continue the steps below.]
3. Enter your Username and append @sourceamerica.org in the textbox then click enter. A password pop-up will be presented.
4. Enter the same password you have used for previous SourceAmerica extranet logins. If you do not remember your password, click Reset Password. See steps below.
6. Select “Authentication Phone” and Click on "Select your country or Region" to choose the appropriate region from the dropdown.
